Mathy,

Thanks again for meeting with us last week. One of the issues we discussed was inconsistency of the FFS with the NCP. Attached is a letter from the CPG explaining in more detail the reasons why the FFS is inconsistent with the NCP. Please let me know if you have any questions. We would be happy to discuss these matters further.

Regards,

Cliff

which may be a computer program. This attached computer program could contain a computer virus which could cause harm to EPA's computers, network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.

Thanks, Dana, for your voicemail regarding OSWER's PFOA/PFOS guidance. I appreciate it and will be in touch with David Cooper and Charlotte.

Becki might have mentioned that I've also been helping the Cooperating Parties Group on the Lower Passaic River NPL site. As a result, I'm in Potomac Yards South now and then to meet with Jim Woolford, Steve Ells, and crew. Perhaps I'll meet you next time we meet. Looking forward to the occasion!

Thanks again and take care. Enjoy the afternoon --
